Issues and Foresight

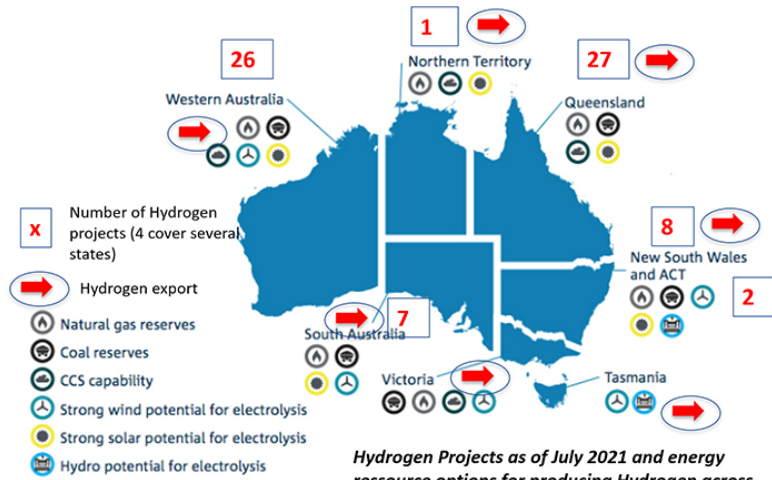

18 November 2021

Novembre 18, will take the Renewable Gas Webinar organized by Cedigaz.

The rising role of hydrogen in the energy transition and the emergence of international supply chains will be debated, with a focus on the growing pipeline of hydrogen projects around the world and the specific role of Australia as a frontrunner in building international supply chains.

Informations and registration : <https://webinar.cedigaz.org/>

Hydrogen Projects as of July 2021 and energy resource options for producing Hydrogen across Australia's states
