29 - 30 October 2019

3rd edition of European Workshop on

Bioeconomy 2019

Paris, 29 - 30 October 2019

Bioeconomy, opportunities under constraints

Four topics:

- **Towards a circular urban bioeconomy:** the challenge of closing the loops,
- **Sustainable production of bio resources:** an environmental challenge,
- **Bioengineering serving the innovative bioeconomy,**
- **Citizen involvement in bioeconomy strategies:** understanding their perceptions and motivations to facilitate the transition.

Co-organized by INRA, IRSTEA, IFP Energies nouvelles, Ministry for the Ecological and Inclusive Transition, Ministry of Higher Education, Research and Innovation and Ministry of Agriculture and Food.

With the participation of the German Federal Ministry for Food and Agriculture (BMEL).

Venue: Ministry for Higher Education, Research and Innovation
25 rue de la Montagne Sainte-Geneviève,
75005 Paris, France

IFPEN co-organized European Workshop on Bioeconomy
25 July 2019
